

NIVO® PEDESTALS ECONOMICAL & DURABLE

Fabrication Française

Features

- Adjustable head designed to withstand up to 1000kg compression load
- 5 sizes available from 25 mm to 230 mm elevation
- Rotating ring for easy, precise adjustment
- Suitable for joists with L-shaped head or for slabs with paving head equipped with 4 break-off lugs
- Pre-assembled heads on bases
- Weather and UV resistance
- Ø20cm base for great stability, prevents sinking into the ground and allows use on waterproof roof terraces
- Extensions for lifts up to 530 mm
- Compatible with STRUCTURAL® aluminum joists

DECKING pedestals
